NOTES TO FINANCIAL STATEMENTS

AUDITORS' REPORT

To the Members of

THE LOWER TRENT REGION CONSERVATION AUTHORITY

We have audited the statement of financial position of **THE LOWER TRENT REGION CONSERVATION AUTHORITY** as at December 31, 2009 and the statements of operations and surplus, changes in net financial assets and cash flows for the year then ended. These financial statements are the responsibility of the conservation authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the conservation authority as at December 31, 2009 and the results of its operations, the changes in its net financial assets and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

THE LOWER TRENT REGION CONSERVATION AUTHORITY

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of The Lower Trent Region Conservation Authority are prepared in accordance with generally accepted accounting principles for organizations operating in the local government sector as recommended by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by The Lower Trent Region Conservation Authority are as follows:

Basis of Accounting

Revenue and expenditures are recorded on the accrual basis, whereby they are reflected in the accounts in the year in which they have been earned and incurred, respectively, whether or not such transactions have been settled by the receipt or payment of money.

Appropriations to Reserves

Authorities may establish reserves by appropriating amounts to earmark them for specific purposes. Appropriations to or from reserves are reported on the statement of operations and surplus as appropriations from or to surplus.

Revenue Recognition

The Authority recognizes revenue as follows:

Municipal levies - general are recognized in the fiscal year in which they are levied.

The Provincial government annual operating grant is recognized in the fiscal year to which the grant relates to the extent that eligible expenditures have been incurred.

User fees and sales are recognized when the service has been performed or the goods have been transferred.

Other grants and specified donations are recognized when the related net expenditures have been incurred.

General donations are recognized when received.

Any funding received for which the related services have not been performed and/or the related expenditures have not been incurred at the end of the fiscal year are recorded as unearned revenue.

THE LOWER TRENT REGION CONSERVATION AUTHORITY

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. **SIGNIFICANT ACCOUNTING POLICIES** (continued)

Tangible Capital Assets

Tangible capital assets, are recorded at cost less accumulated amortization and are classified according to their functional use. Amortization is recorded on a declining balance basis commencing the year the asset is put in to service. Donated tangible capital assets are reported at fair value at the time of donation. Amortization rates are as follows:

Buildings and structures	2.5%
Bridges and dams	2.5%
Roads, parking lots and trails	2.5%
Furniture and fixtures	20%
Equipment	20%
Office equipment	30%
Vehicles	30%
Computer software	30%
Computer hardware	45%

Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. **CASH**

Cash includes \$365,136 (2008 - \$626,060) in deposits held in trust for the Source Water Protection program. These funds are segregated and any interest earned is considered to be a contribution to the program.

3. **SHORT TERM INVESTMENTS**

Short term investments include \$21,825 (2008 - \$21,776), which is restricted in use as described in Note 5. The short term investment is valued at cost. The market value of the investment is equivalent to its cost.

8. COMMITMENT

The Authority entered into an agreement with the vendor of the parcel of land composed of Part of Lot 27, 29, 30 and all of Lot 28, Concession 8, Municipality of Brighton. Under the terms of the agreement the vendor has retained a life lease on the subject property.

9. BUDGET AMOUNTS

The budget amounts have been presented for information purposes only and have not been audited. Certain expenditures in the budget amounts may include capital items and thus the budget amounts are not fully comparable to actual amounts.

THE LOWER TRENT REGION CONSERVATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2009

10. FINANCIAL INSTRUMENTS

The Authority's financial instruments consist of cash, short term investments, accounts receivable and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the Authority is not exposed to significant interest, currency or credit risks arising from these financial instruments.

The fair value of the financial instruments, excluding short-term investments approximate their carrying values because of their expected short-term maturities and treatment on normal trade terms. The fair value of short-term investments approximate their carrying value as the investment is in a T-bill fund for which the quoted price does not vary.

The Authority has an operating line of credit available from its banker to maximum of \$100,000 bearing interest at bank prime. The Authority has not drawn any funds on the line of credit.

11. PENSION AGREEMENTS

The Authority belongs to the Ontario Municipal Employees Retirement Funds (OMERS). OMERS is a defined benefit pension plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Contributions are split equally between the employees and the Authority. The Authority's share of contributions included in expenditures in the statement of operations and surplus in these financial statements is \$73,674 (2008 - \$76,607).

12. CHANGE IN ACCOUNTING POLICY

Effective January 1, 2009, the Authority adopted the recommendations of Section 3150 of the Public Sector Accounting Board Handbook which requires governments to record and amortize their tangible capital assets on their financial statements. The recommendations have been adopted retrospectively with restatement of comparative figures.
